RESPONSE TO OFFICE ACTION

SIR:

In response to the Office Action dated November 13, 2002 from the U.S. Patent and Trademark Office with respect to the above-identified patent application, Applicants hereby amend the application as follows:

IN THE CLAIMS

Please cancel Claim 16 without prejudice.

Please amend claims 1, 17, 18, 20, 23 as follows:

1. (Three Times Amended) A heparin-binding protein comprising at least one covalently bonded sugar chain, wherein the at least one sugar chain is selected from the group consisting of a sulfated polysaccharide, a glycosaminoglycan, an O-linked sugar chain combined with a sulfated polysaccharide or a glycosaminoglycan, an N-linked sugar chain combined with a sulfated polysaccharide or a glycosaminoglycan, and combinations thereof, wherein the residual activity of the heparin-binding protein is increased by adding the at least one covalently bonded sugar chain.

16. (Thrice Amended)

A heparin-binding protein comprising at least one

covalently bonded sugar chain, wherein the at least one sugar chain is selected from the group
